

Spanish Booster Kids

Starting date: August 3rd

Spanish Booster, with 12 years of experience teaching the Spanish language contributes to your intellectual, cultural and professional growth by offering the best Spanish courses in Cincinnati.

The courses for children are designed so that they learn in a natural way, according to their age. The courses are divided into modules of 30 hours each; which are completed in approximately 15 weeks.

Spanish Booster teachers have methodology, experience and recognized language certificates or diplomas, which allows them to use activities appropriate to children's ages, interests and characteristics.

Explorers Course

This course is ideal for children between the ages of 6 and 7 years, the stage when children acquire the ability to express ideas more easily in familiar contexts through activities such as dialogues, poems, songs and games. Through **Explorers**, students improve their comprehension of spoken language and increase their communicative abilities.

Spanish Booster Kids Course

This is the course for young learners from 8 to 12 years old, in which they complete a wide variety of activities and formal exercises, where they express what they have learnt through games, songs, dramatizations, stories, crafts and presentations.

At the end of the cycle, students will have developed basic linguistic abilities such as:

- Examining a text to grasp the general idea and extract specific information.
- Talking about their likes, dislikes, and experiences in the past and present, and writing simple messages.
- Developing grammar, vocabulary and the four language skills.

The Spanish Booster's promise is to promote your children's learning with methodology and teachers of the highest caliber. **Maintaining our solid tradition of exciting activities and opportunities to learn and use Spanish.**

In order to learn Spanish effectively, their dedication and commitment are fundamental.

Help them stay motivated to learn Spanish!
